

ST NEOT SCHOOL PUPIL PREMIUM STRATEGY 2019-20

ALLOCATION £15340.00

Pupil Premium Co-ordinator- Improvement Planning, Provision Mapping, Learning Quality Assurance and Impact Assessment: Sam Bowden

Pupil Premium Governor: Dorothy Tamblyn

The Pupil Premium is allocated to schools with pupils on that are known to be: • Eligible for free school meals either now or at any time in the last 6 years (Ever 6).

• Children of service personnel • Children in local authority care

At St Neot School we believe that all pupils have the right to aspire to excellence and in so doing achieve their academic potential. We recognise that some groups of pupils need support to achieve this and aim to ensure that the targeted and strategic use of Pupil Premium funding will support us in enabling all to succeed.
Our Pupil Premium provision will be aimed at accelerating progress so the vast majority of PP pupils leave the School at, or above, the national average. We also aim for every child to make progress that is good or better, so that they leave having made at minimum 2 levels of progress from KS1 to KS2. The annual achievement of PP pupils at St Neot will be measured against the annual national achievement benchmarks of non-PP pupils.
Funding will also be used to develop high aspirations for the future so that children can continue to succeed.
Our provision has been informed by the latest DfE guidance, 'Pupil Premium-effective use and accountability' – published October 2019.
The PP policy and leadership of PP provision and impact is the responsibility of the Governing Board and the Headteacher. It will be monitored as an item in the termly Head's Report to Governors.

Pupil Premium Key Progress and Impact Indicators

Progress and Impact indicators	2016-17	2017-18	2018-19	2019-20
Improvements identified in School Development Plan	Specific focus on writing to develop skills and understanding-linked to SPAG lessons	SPAG is embedded in planned lessons to enhance performance in writing	Handwriting shows a vast improvement. Writing continues to develop and with more children meeting expected requirements.	Good progress was being made, however, due to the Covid-19 pandemic the programme of support was not completed and will be rolled over to the next year. The teachers will closely monitor the progress of the children who are in receipt of pupil premium and once assessments have taken place interventions will be introduced to enhance children's individual learning. Emotional and
Early intervention to enhance progress	Interventions support learners, individual tracking shows pupil progress	Interventions support specific needs for individual learners.	Intervention tracking shows that teaching is effective as pupils have met or exceeded targets	
Resources engage and motivate pupils	New ICT resources have enhanced learning. The purchase of SPAG and Maths books have developed planning and secured pupil/teacher knowledge	Resources develop skills and understanding across the curriculum	Stimulating resources purchased have a positive impact as demonstrated through book scrutiny and lesson observations	
Enrichment to raise aspirations	Enrichment has provided challenge, enjoyment and excitement	Enrichment opportunities have equipped the children with tools that will help them to understand and independently take control of their learning	Enrichment through a diverse range of approaches enriches individual school experience. Gifted and Talented engage in meaningful learning, giving them opportunities to explore and use	

			their imaginations	social well-being will also be closely monitored and support put in place as needed.
Increased classroom support improves achievement	Courses have been attended. Information has been cascaded to all staff. This has informed planning and lessons observed are good/outstanding	Continued professional development in curriculum subjects has increased the understanding and support given in lessons	Opportunities for children to develop skills and understanding through TA support and guidance. Pupil conference report this to be both supportive and helpful	
Improved attendance, behaviours and links with families	Attendance is excellent. This has been checked by EWO. Parents are informed of new attendance initiatives. Asked for opinions through parent survey and given the opportunity to speak to teachers if there are any concerns	Attendance of PP children is excellent. Parents are made aware of expectations through newsletter, website, parent consultations and parent surveys	Parents are invited into school on a regular basis. Discussions take place, expectations are highlighted and targets are set	

Summary of Pupil Premium Improvement Spending Intentions

Outline Plan
To target selected groups of pupils to ensure a personalised curriculum offer
Wider life and learning experiences engage and motivate pupils
Resources and learning
Instrumental lessons have a positive outcome
Learning experiences widen pupils' knowledge
Teachers are upskilled to support and develop learning
Improvement in healthy lifestyles

Appendix A

OFSTED guidance for successfully maximising achievement	OFSTED guidance on unsuccessful spending
<ol style="list-style-type: none"> 1. Carefully ring fenced funding so that they always spent it on the target group of pupils 2. Never confused eligibility for the Pupil Premium with low ability, and focussed on supporting their disadvantaged pupils to achieve the highest levels 3. Thoroughly analysed which pupils were underachieving particularly in English and maths and why 4. Drew on research evidence (such as the Sutton Trust toolkit) and evidence from their own and others experience to allocate the funding to the activities that were most likely to have an impact on improving achievement 5. Understood the importance of ensuring that all day to day teaching meets the needs of each learner, rather than relying on interventions to compensate for teaching that is less than good 6. Allocated their best teachers to teach intervention groups to improve mathematics and English 7. Used achievement data frequently to check whether interventions or techniques were working and made adjustments accordingly, rather than just using the data retrospectively to see if something had worked 8. Made sure teaching assistants were highly trained and understood their role in helping pupils to achieve 9. Systematically focussed on giving pupils clear, useful feedback about their work and ways they could improve it 10. Ensured that class and subject teachers knew which pupils were eligible for the PP so that they could take responsibility for accelerating their progress 11. Ensured that a designated senior leader had a clear overview of how the funding was being allocated and the difference it was making to the outcomes for pupils 12. Had a clear policy on spending the PP agreed by governors and publicised on the school website 13. Provided well targeted support to improve attendance, behaviour or links with families where these were barriers to a pupil's learning 14. Had a clear and robust performance management system for all staff, and included discussions about pupils eligible for the PP in performance manage meetings 15. Thoroughly involved governors in the decision making and evaluation process 16. Were able, through careful monitoring and evaluation to demonstrate the impact of each aspect of their spending on the outcomes for pupils 	<ul style="list-style-type: none"> • Had a lack of clarity about the intended impact of the spending • Spent the funding indiscriminately on teaching assistants with little impact • Did not monitor the quality and impact of interventions well enough, even where other monitoring was effective • Did not have good performance management system for teaching assistants and other support staff • Did not have a clear audit trail for where the funding had been spent • Focussed on pupils attaining the nationally expected level at the end of the Key Stage but did not go beyond these expectations so some more able eligible pupils underachieved • Planned their PP spending in isolation rather than with other planning e.g. improvement planning • Compared their performance to local rather than national data, which suppressed expectations if they were a low performing local authority
