		Consolidate knowledge of days			Consolidate knowledge of days	

Measure and begin to record lengths and heights, beginning to use standard units, e.g. cm, m.

Recognise and know the value of different denominations of coins. Find different combinations of small amounts up to 20p.

Geometry

Recognise, name and sort common 2D shapes. For example, rectangles (including squares), circles and triangles.

Describe position, direction and movement, including whole, half, quarter and three-quarter turns.

Statistics

Year 2

Number and Place Value

Count in steps of 2 and 5 from 0, and in tens from any number, forward and backward.

Begin to compare and order numbers from 0 to 100 using <, > and = signs, and work systematically to find all possible inequalities.

Locate and place 1- and 2-digit numbers on a beaded and landmarked line and a 1-100 square.

Begin to recognise the place value of each digit in a 2-digit number and find and record all possible amounts using a given number of 10p and 1p coins.

Addition and Subtraction

Know all the pairs of numbers which make the numbers up to 10.

Begin to understand the inverse relationship between addition and subtraction. Solve problems with addition and subtraction applying their increasing knowledge of mental and written methods. Say all bonds to 10 and know them by heart. Use number facts to solve related subtractions

Begin to write word problems and relate known number bonds to context-based problems.

Recognise and work out multiple of 10 bonds to 100, using bonds to 10.

Show that addition of two numbers can be

done in any order (commutative).

Recall and use addition and subtraction facts to 20 fluently

Use number facts to solve related additions and begin to think and record systematically. Add and subtract mentally a 2-digit number and tens, including adding or subtracting 10 to and from any number up to 100 (positive answers only).

Solve problems with addition and subtraction using concrete objects and pictorial representations.

Begin to add and subtract two 2-digit numbers by counting on or back in 10s and 1s.

Multiplication and Division

Begin to find doubles and near doubles of numbers to 15.

Count in 2s, 5s and 10s from 0 to learn multiples of 2, 5 and 10.

of the week and the seasons and begin to know months of the year." Compare, describe and solve practical problems for time.

Measure and begin to record time.
Sequence events in chronological order using language. For example, before and after, next, first, today, yesterday, tomorrow, morning, afternoon and evening.
Begin to tell the time to the hour and half past the hour on digital and analogue clocks.

and draw the hands on a clock face to show

Geometry

these times.

Recognise, name and sort common 3D shapes. For example, cuboids (including cubes), pyramids and spheres.

Statistics

Sort objects in a variety of ways, including using Carroll and Venn diagrams.

Year 2

Number and Place Value
Estimate a quantity, less than 100, within given ranges.

Locate and place 2-digit numbers on a landmark line and a 1-100 square and use this knowledge to compare and order numbers.

Recognise the place value of each digit in a 2digit number.

Round 2-digit numbers to the nearest 10.

Addition and Subtraction

Use bonds to 10 and 20 to subtract from 10 and 20.

Solve missing number problems involving the inverse relationship between addition and subtraction.

Add numbers using concrete objects and pictorial representations, e.g. number lines, to add 1- and 2-digit numbers.

Add mentally two 2-digit numbers by counting on in 10s and 1s.

Add and subtract 10 in order to add or

number.
Use place value and number facts to solve problems, for example using bonds to 10 to find complements to the next multiple of 10.

subtract 9 or 11 to and from a 2-digit

Multiplication and Division

Double numbers to double 15 and find related halves.

Recognise odd and even numbers.
Begin to know the 2, 5 and 10 times tables
and investigate multiplications with the same

Calculate mathematical statements for multiplication within the multiplication tables, to go with hops on number lines and with arrays, and write them using the multiplication (x), division (÷) and equals (=) signs.

Arrange objects into arrays, write the corresponding multiplication and investigate all possible arrays for a given number of cubes.

<u>Fractions, Decimals, Ratio and Percentages</u>
Recognise, find and name a quarter as one of four equal parts of an object or shape.
Recognise, find and name a half as one of two equal parts of an object, shape or

Begin to halve odd numbers to 10.

Measures

Compare, describe and solve practical problems, e.g. by direct comparisons, for lengths and heights, weight and capacity. Recognise and know the value of different denominations of coins and notes. Recognise and use language relating to dates, including days of the week, weeks, months and years.

Tell the time to the hour and half past the hour on digital and analogue clocks and draw the hands on a clock face to show these times.

Measure and begin to record mass/weight. Measure and begin to record capacity. Find change from 10p and 20p using counting up and number facts.

Geometry

Identify and continue a repeating pattern of shapes.

Identify and describe with reference to their properties common 2D and 3D shapes."

Statistics

Begin to create, read and interpret a block graph.

Read and interpret a simple pictogram.

Year 2

Number and Place Value

Identify, represent and estimate numbers using different representations, including the number line; beginning to move beyond 100. Compare and order numbers from 0 up to 100; use <, > and = signs.

Use place value and number facts to solve problems.

Count in steps of 3 from 0, forward and

backward.

Begin to see that when counting from 100–

200, the numbers replicate the pattern from 0–100.

Begin to recognise the place value of each

digit in a 3-digit number.
Read and write numbers to at least 100 in numerals and in words.

Addition and Subtraction

Solve problems with addition and subtraction using concrete objects and pictorial representations, including those involving quantities and measures.

Subtract numbers using concrete objects and pictorial representations, e.g. number lines, to subtract 1- and 2-digit numbers (positive answers only).

Add mentally a 2-digit number and ones, including adding any 1-digit number to a 2-digit number using number facts or bridging 10

Subtract mentally a 2-digit number and ones, including subtracting any 1-digit number

Measure and begin to record lengths and heights, beginning to use standard units, e.g. cm, m.

Recognise and know the

value of different denominations of coins. Find different combinations of small amounts up to 20p.

Geometry

Recognise, name and sort common 2D shapes. For example, rectangles (including squares), circles and triangles.

Describe position, direction and movement, including whole, half, quarter and three-quarter turns.

Statistics

Year 2

Number and Place Value

Count in steps of 2 and 5 from 0, and in tens from any number, forward and backward. Begin to compare and order numbers from 0 to 100 using <, > and = signs, and work systematically to find all possible inequalities. Locate and place 1- and 2-digit numbers on a beaded and landmarked line and a 1-100 square.

Begin to recognise the place value of each digit in a 2-digit number and find and record all possible amounts using a given number of 10p and 1p coins.

Addition and Subtraction

Know all the pairs of numbers which make the numbers up to 10.

Begin to understand the inverse relationship

begin to understand the inverse relationship between addition and subtraction. Solve problems with addition and subtraction applying their increasing knowledge of mental and written methods. Say all bonds to 10 and know them by heart. Use number facts to solve related subtractions

Begin to write word problems and relate known number bonds to context-based problems.

Recognise and work out multiple of 10 bonds to 100, using bonds to 10.

Show that addition of two numbers can be

done in any order (commutative).

Recall and use addition and subtraction facts to 20 fluently

Use number facts to solve related additions and begin to think and record systematically. Add and subtract mentally a 2-digit number and tens, including adding or subtracting 10 to and from any number up to 100 (positive

answers only).

Solve problems with addition and subtraction using concrete objects and pictorial representations.

Begin to add and subtract two 2-digit numbers by counting on or back in 10s and

<u>Multiplication and Division</u> Begin to find doubles and near doubles of numbers to 15.

Count in 2s, 5s and 10s from 0 to learn multiples of 2, 5 and 10.

of the week and the seasons and begin to know months of the year." Compare, describe and solve practical

problems for time.

Measure and begin to record time.

Sequence events in chronological order using

language. For example, before and after, next, first, today, yesterday, tomorrow, morning, afternoon and evening. Begin to tell the time to the hour and half past the hour on digital and analogue clocks

past the hour on digital and analogue clocks and draw the hands on a clock face to show these times.

Geometry

Recognise, name and sort common 3D shapes. For example, cuboids (including cubes), pyramids and spheres.

Statistics

Sort objects in a variety of ways, including using Carroll and Venn diagrams.

Year 2

<u>Number and Place Value</u> Estimate a quantity, less than 100, within

given ranges. Locate and place 2-digit numbers on a landmark line and a 1-100 square and use

this knowledge to compare and order

numbers.

Recognise the place value of each digit in a 2-

digit number.
Round 2-digit numbers to the nearest 10.

Addition and Subtraction
Use bonds to 10 and 20 to subtract from 10 and 20.
Solve missing number problems

between addition and subtraction.

Add numbers using concrete objects and pictorial representations, e.g. number lines, to add 1- and 2-digit numbers.

Add mentally two 2-digit numbers by counting on in 10s and 1s.

Add and subtract 10 in order to add or

subtract 9 or 11 to and from a 2-digit number. Use place value and number facts to solve

problems, for example using bonds to 10 to find complements to the next multiple of 10.

Multiplication and Division

Double numbers to double 15 and find related halves.

Recognise odd and even numbers. Begin to know the 2, 5 and 10 times tables and investigate multiplications with the same answer.

Calculate mathematical statements for multiplication within the multiplication tables, to go with hops on number lines and with arrays, and write them using the multiplication (x), division (÷) and equals (=) signs.

Arrange objects into arrays, write the corresponding multiplication and investigate all possible arrays for a given number of cubes.

Fractions, Decimals, Ratio and Percentages
Recognise, find and name a quarter as one of
four equal parts of an object or shape.
Recognise, find and name a half as one of
two equal parts of an object, shape or

Begin to halve odd numbers to 10.

Measures

Compare, describe and solve practical problems, e.g. by direct comparisons, for lengths and heights, weight and capacity. Recognise and know the value of different denominations of coins and notes. Recognise and use language relating to dates, including days of the week, weeks, months and years.

Tell the time to the hour and half past the hour on digital and analogue clocks and draw the hands on a clock face to show these times.

Measure and begin to record mass/weight. Measure and begin to record capacity. Find change from 10p and 20p using counting up and number facts.

Geometry

Identify and continue a repeating pattern of shapes.

Identify and describe with reference to their properties common 2D and 3D shapes."

Statistics

Begin to create, read and interpret a block graph.

Read and interpret a simple pictogram.

Year 2 Number and Place Value

Identify, represent and estimate numbers using different representations, including the number line; beginning to move beyond 100. Compare and order numbers from 0 up to 100; use <, > and = signs.

Use place value and number facts to solve problems.

Count in steps of 3 from 0, forward and backward.

Begin to see that when counting from 100–200, the numbers replicate the pattern from 0–100

Begin to recognise the place value of each

digit in a 3-digit number.

Read and write numbers to at least 100 in

Addition and Subtraction

Solve problems with addition and subtraction using concrete objects and pictorial representations, including those involving quantities and measures.

Subtract numbers using concrete objects and pictorial representations, e.g. number lines, to subtract 1- and 2-digit numbers (positive answers only).

Add mentally a 2-digit number and ones, including adding any 1-digit number to a 2-digit number using number facts or bridging

Subtract mentally a 2-digit number and ones, including subtracting any 1-digit number

Fractions, Decimals, Ratio and Percentages

Understand the need for a standard unit Begin to know whether to measure in cm or

Begin to estimate and measure in cm. Regin to estimate and measure in m Combine amounts to make a particular value up to £1.00

Find different combinations of coins that equal the same amounts of money up to £1.00.

Identify and describe the properties of 2D shapes, including the number of sides and line symmetry in a vertical line. Use mathematical vocabulary to describe position, direction and movement including movement in a straight line. Distinguish between rotation as a turn and in terms of right angles for quarter, half and three quarter turns (clockwise and anticlockwise).

Statistics

Sort objects using Venn diagrams and twoway Carroll diagrams and understand the overlap in a Venn diagram.

Begin to write divisions as multiplications with a missing number.

Understand division as grouping. Solve problems involving multiples of 2, 5 and 10 in a practical context, using coins and

Fractions, Decimals, Ratio and Percentages Recognise, find, name and write fractions 1/3 and 2/3 of a shape.

Recognise, find, name and write fractions 1/4 and 2/4 (1/2) of a shape. Recognise, find, name and write fractions 2/4 (1/2) of a set of objects or quantity, including

finding half of odd numbers. Count in steps of 1/2 and a 1/4.

Find change from 10p and 20p, £10 and £20, by counting up in ones and knowing bonds to 10 and 20.

Tell and write the time quarter past/to the hour on analogue and digital clocks and draw the hands on a clock face to show these analogue times.

Know units of time: minutes, hours, days, weeks, months and years. Know the relationship between seconds and minutes and minutes and hours, including the number of minutes in an hour and the number of hours in a day. Recognise and use symbols for pounds (£)

and pence (p) with no zeros in the 10p place and use coins to solve simple problems involving addition. Recognise and know the values of

all coins and notes up to £20. Find all possible amounts using three coins (1p-£2).

Identify and describe the properties of 3D shapes including the number of edges, vertices and faces. Identify 2D shapes on the surface of 3D

shapes; for example, a circle on a cylinder and a triangle on a pyramid. Compare and sort common 3D shapes and everyday objects.

Order and arrange combinations of mathematical objects, including 2D and 3D shapes, in repeating patterns and sequences.

Interpret and construct simple pictograms, tally charts, block diagrams and simple tables.

from a 2-digit number using number facts or bridging 10.

Add mentally two 2-digit numbers, using partitioning and number facts.

Subtract mentally two 2-digit numbers, including subtracting one 2-digit number from another by counting back in 10s and 1s. not crossing 10s.

Add mentally three 1-digit numbers, using known number facts and doubles. Understand subtraction as difference and find this by adding to the next multiple of 10,

Use addition and subtraction and number bonds to 10 and 20 to solve problems in number stories

Derive and use related facts up to 100.

Multiplication and Division

using bonds to 10

Recall and use multiplication and division facts for the 2, 5, and 10 times-tables. Calculate mathematical statements for multiplication and division within the multiplication tables, to go with hops on number lines and with arrays, and write them using the multiplication (x), division (÷) and equals (=) signs.

Show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot. Solve problems involving multiplication and division using materials, arrays, repeated addition, 'clever counting', mental methods and multiplication and division facts. including problems in contexts. Solve missing number multiplications by counting up in steps.

Double and halve multiples of 10 and 5 and 2-digit numbers ending in 1, 2, 3 or 4, answers less than 100

Count in 3s, multiply and divide by 3 using arrays, representations and concrete objects. and begin to know the 3 times table. Use mathematical reasoning to identify and explain patterns and use these to predict answers

Understand that division and multiplication are inverse operations.

Fractions, Decimals, Ratio and Percentages Recognise, find, name and write fractions 1/4 and 2/4 (1/2), and begin to recognise, find, name and write 1/3 and 3/4, of a set of objects or quantity.

Write simple fractions. Recognise the equivalence of 2/4 and 1/2.

Find a quarter of numbers, up to 40, by halving twice.

Measures

Choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); mass/weight (kg/g); temperature (°C): capacity (I/ml) to the nearest appropriate unit using rulers, scales, thermometers and measuring vessels. Solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change.

Fractions, Decimals, Ratio and Percentages

Understand the need for a standard unit Begin to know whether to measure in cm or

Begin to estimate and measure in cm. Regin to estimate and measure in m Combine amounts to make a particular value up to £1.00

Find different combinations of coins that equal the same amounts of money up to £1.00.

Identify and describe the properties of 2D

shapes, including the number of sides and line symmetry in a vertical line. Use mathematical vocabulary to describe position, direction and movement including movement in a straight line. Distinguish between rotation as a turn and in terms of right angles for quarter, half and three quarter turns (clockwise and

anticlockwise).

Sort objects using Venn diagrams and twoway Carroll diagrams and understand the overlap in a Venn diagram.

Begin to write divisions as multiplications with a missing number.

Understand division as grouping. Solve problems involving multiples of 2, 5 and 10 in a practical context, using coins and

Fractions, Decimals, Ratio and Percentages Recognise, find, name and write fractions 1/3 and 2/3 of a shape.

Recognise, find, name and write fractions 1/4 and 2/4 (1/2) of a shape.

Recognise, find, name and write fractions 2/4 (1/2) of a set of objects or quantity, including finding half of odd numbers. Count in steps of 1/2 and a 1/4.

Find change from 10p and 20p, £10 and £20, by counting up in ones and knowing bonds to 10 and 20.

Tell and write the time quarter past/to the hour on analogue and digital clocks and draw the hands on a clock face to show these analogue times.

Know units of time: minutes, hours,

days, weeks, months and years. Know the relationship between seconds and minutes and minutes and hours, including the number of minutes in an hour and the number of hours in a day. Recognise and use symbols for pounds (£) and pence (p) with no zeros in the 10p place and use coins to solve simple problems involving addition.

Recognise and know the values of all coins and notes up to £20. Find all possible amounts using three coins (1p-£2).

Identify and describe the properties of 3D shapes including the number of edges, vertices and faces.

Identify 2D shapes on the surface of 3D shapes; for example, a circle on a cylinder and a triangle on a pyramid. Compare and sort common 3D shapes and

everyday objects. Order and arrange combinations of mathematical objects, including

2D and 3D shapes, in repeating patterns and sequences.

Interpret and construct simple pictograms, tally charts, block diagrams and simple tables.

from a 2-digit number using number facts or bridging 10.

Add mentally two 2-digit numbers, using partitioning and number facts.

Subtract mentally two 2-digit numbers, including subtracting one 2-digit number from another by counting back in 10s and 1s, not crossing 10s.

Add mentally three 1-digit numbers, using known number facts and doubles. Understand subtraction as difference and find this by adding to the next multiple of 10, using bonds to 10

Use addition and subtraction and number bonds to 10 and 20 to solve problems in number stories

Derive and use related facts up to 100.

Multiplication and Division

Recall and use multiplication and division facts for the 2, 5, and 10 times-tables. Calculate mathematical statements for multiplication and division within the multiplication tables, to go with hops on number lines and with arrays, and write them using the multiplication (×), division (÷) and equals (=) signs.

Show that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot. Solve problems involving multiplication and division using materials, arrays, repeated addition, 'clever counting', mental methods and multiplication and division facts. including problems in contexts.

Solve missing number multiplications by counting up in steps.

Double and halve multiples of 10 and 5 and 2-digit numbers ending in 1, 2, 3 or 4, answers less than 100

Count in 3s, multiply and divide by 3 using arrays, representations and concrete objects. and begin to know the 3 times table. Use mathematical reasoning to identify and explain patterns and use these to predict answers.

Understand that division and multiplication are inverse operations.

Fractions, Decimals, Ratio and Percentages Recognise, find, name and write fractions 1/4 and 2/4 (1/2), and begin to recognise, find, name and write 1/3 and 3/4 of a set of objects or quantity. Write simple fractions.

Recognise the equivalence of 2/4 and 1/2 Find a quarter of numbers, up to 40, by

Measures

halving twice.

Choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); mass/weight (kg/g); temperature (°C): capacity (I/ml) to the nearest appropriate unit using rulers, scales, thermometers and measuring vessels. Solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change.

		and positive coins complete coins complete coins complete coins complete coins complete coins co	pare and order lengths, mass and scities and record the results using >, < =. and write the time to 5 minutes past the ron analogue and digital clocks and draw hands on a clock face to show these ogue times. and write the time to 5 minutes to the ron analogue and digital clocks and draw hands on a clock face to show these ogue times. the time 10 minutes later; use 10 utes as an interval of time; begin to pare and sequence intervals of time.			Recognise and use symbols for pounds (£) and pence (p) and find more than one way to solve a money problem (£1, 10p and 1p coins). Compare and order lengths, mass and capacities and record the results using >, < and =. Tell and write the time to 5 minutes past the hour on analogue and digital clocks and draw the hands on a clock face to show these analogue times. Tell and write the time to 5 minutes to the hour on analogue and digital clocks and draw the hands on a clock face to show these analogue times. Find the time 10 minutes later; use 10 minutes as an interval of time; begin to compare and sequence intervals of time. Geometry Statistics Ask and answer simple questions by counting the number of objects in each category and sorting the categories by quantity, and ask and answer questions about totalling and comparing categorical data.

a new challenge

I recognise how it feels to be proud of an

achievement

and don't like and can talk about this

I can tell you how working with other people

helps me learn

I can help to make my class a safe and fair

I recognise the range of feelings when I face certain consequences

I understand my choices in following the Learning Charter

Celebrating Difference

I can tell you some ways in which I am the same as my friends I can tell you some ways I am different from

I can tell you some ways I am different from my friends

I understand how being bullied might feel I can be kind to children who are bullied I know how it feels to make a new friend I understand these differences make us all special and unique

I can recognise which forms of physical contact are acceptable and unacceptable to me

I know when I need help and know how to ask for it

I know ways to praise myself
I can express how I feel about them

Changing Me

I understand that changes happen as we grow and that this is OK
I know that changes are OK and that sometimes they will happen whether I want them to or not
I understand that growing up is natural and that everywheads grows at different rates.

that everybody grows at different rates
I respect my body and understand which
parts are private
I enjoy learning new things
I know some ways to cope with changes

I know how I feel when I see obstacles and how I feel when I overcome them I know how to store the feelings of success in

I know how to store the feelings of success in my internal treasure chest

Healthy Me

I feel good about myself when I make healthy choices

I feel good about myself when I make healthy choices

I am special so I keep myself safe I know some ways to help myself when I feel poorly

I can recognise when I feel frightened and know who to ask for help I can recognise how being healthy helps me

I can recognise how being healthy helps me to feel happy

I can help make my class a safe and fair place I can work cooperatively I am choosing to follow the Learning Charter

Celebrating Difference

I understand some ways in which boys and girls are similar and feel good about this I understand some ways in which boys and girls are different and accept that this is OK I can tell you how someone who is bullied feels I can be kind to children who are bullied I know when and how to stand up for myself and others

I know how to get help if I am being bullied I understand we shouldn't judge people if they are different.

I know how it feels to be a friend and have a friend

I understand these differences make us all special and unique

I can demonstrate how to use the positive problem-solving technique to resolve conflicts with my friends

I know how it feels to be asked to keep a secret I do not want to keep and know who to talk to about this

I understand how it feels to trust someone I am comfortable accepting appreciation from others

Changing Me

I understand there are some changes that are outside my control and can recognise how I feel about this

I can identify people I respect who are older than me I feel proud about becoming more

independent
I can tell you what I like/don't like about

being a boy/girl
I am confident to say what I like and don't like
and can ask for help

I can start to think about changes I will make when I am in Year 3 and know how to go about this I can work with others in a group to solve problems

I can work with others in a group to solve problems

I can tell you how being part of a successful group feels and I can store these feelings in my internal treasure chest

Healthy Me

I am motivated to make healthy lifestyle choices

I can tell you when a feeling is weak and when a feeling is strong

I feel positive about caring for my body and keeping it healthy

I have a healthy relationship with food and know which foods I enjoy the most I can express how it feels to share healthy food with my friends

I have a healthy relationship with food and I know which foods are most nutritious for my body

PSHE Key Vocabulary

History

Historical Association Enquiry skills and chronology objectives are ongoing throughout the

Great Fire of London – events beyond living memory that are significant nationally Year 1

Beginning to place events and objects in chronological order.
Beginning to use a wide vocabulary of

everyday historical terms

Beginning to answer questions about the past using given sources.

Beginning to know some of the ways that we can find out about the past.
Beginning to discuss significant events and

people in Britain within and beyond their living memory Beginning to use pictures and role-play to tell

Year 2

stories from the past

about the past.

Can place events and objects in chronological order.

Can use a wide vocabulary of everyday historical terms

Can answer questions about the past using given sources.

Knows some of the ways that we can find out

Can discuss significant events and people in Britain within and beyond their living memory Can use pictures and role-play to tell stories from the past

Kernow Country – a ticket to Europe – significant historical events, people and places in their own locality - Lanhydrock

Beginning to place events and objects in chronological order.

Beginning to use a wide vocabulary of everyday historical terms

Beginning to answer questions about the past using given sources.

Beginning to know some of the ways that we can find out about the past.
Beginning to discuss some significant historical events, people and places in his/her

own locality

Beginning to describe an artefact e.g.
materials; size; signs of wear and tear.

Year 2

Can place events and objects in chronological order.

Can use a wide vocabulary of everyday historical terms

Can answer questions about the past using given sources.

Knows some of the ways that we can find out about the past.

Can discuss significant

Can discuss some significant historical events, people and places in his/her own locality Can describe an artefact e.g. materials; size; signs of wear and tear.

To the moon and back, flight and space exploration - changes within living memory Year 1

Beginning to place events and objects in chronological order.

Beginning to use a wide vocabulary of everyday historical terms

Beginning to answer questions about the past using given sources.

Beginning to know some of the ways that we can find out about the past.

Beginning to discuss significant events and people in Britain within and beyond their living memory

Beginning to use pictures and role-play to tell stories from the past

Year 2

Can place events and objects in chronological order.

Can use a wide vocabulary of everyday historical terms

Can answer questions about the past using given sources.

Knows some of the ways that we can find out about the past.

Can discuss significant

Can discuss significant events and people in Britain within and beyond their living memory Can use pictures and role-play to tell stories from the past

Beyond living memory, Brunel & Drake Year 1

Beginning to place events and objects in chronological order.

Beginning to use a wide vocabulary of

everyday historical terms
Beginning to answer questions about the past
using given sources.

Beginning to know some of the ways that we can find out about the past.

Beginning to discuss significant events and people from the wider world, within and beyond their living memory

Beginning to describe an artefact e.g. materials; size; signs of wear and tear.

Year 2

Can place events and objects in chronological order.
Can use a wide vocabulary of everyday

historical terms

Can answer questions about the past using given sources.

Knows some of the ways that we can find out about the past.

Can discuss significant
Can discuss significant events and people

from the wider world, within and beyond their living memory

their living memory Can describe an artefact e.g. materials; size; signs of wear and tear.

Amazon Rainforest,s - events beyond living memory that are significant globally, Henry Bates and Alexander von Humboldt

'<u>ear 1</u> Beginning to place

Beginning to place events and objects in chronological order.

everyday historical terms

Reginning to answer questions about the na

Beginning to answer questions about the past using given sources.

Beginning to know some of the ways that we can find out about the past.

Beginning to discuss significant events and people from the wider world, within and beyond their living memory

beyond their living memory
Beginning to describe the similarities and
differences between life during a time in the
past and life today

Year 2

Can place events and objects in chronological order

Can use a wide vocabulary of everyday historical terms Can answer questions about the past using

given sources.

Knows some of the ways that we can find out

about the past.
Can discuss significant

their living memory

Can discuss significant events and people from the wider world, within and beyond

Can describe the similarities and differences between life during a time in the past and life today

Tudors – links to significant individuals such as Henry VIII Year 1

Beginning to place events and objects in chronological order.

Beginning to use a wide vocabulary of everyday historical terms

Beginning to answer questions about the past using given sources.

Beginning to know some of the ways that we

can find out about the past.

Beginning to discuss significant events and people in Britain within and beyond their

living memory
Beginning to describe an artefact e.g.
materials; size; signs of wear and tear.

Year 2

Can place events and objects in chronological

Can use a wide vocabulary of everyday historical terms
Can answer questions about the past using

given sources.

Knows some of the ways that we can find out

about the past.

Can discuss significant

Can discuss significant events and people in

Britain within and beyond their living memory Can describe an artefact e.g. materials; size; signs of wear and tear.

Vocabulary								
Geography	Beside the Seaside (Twinkl) Year 1	Fieldwork and Map skills (RGS) Year 1	The USA (RGS) Year 1	Fieldwork and Map skills (RGS) Year 1	Brazil (RGS) Year 1	Wonderful Weather (Twinkl) Year 1		
Geographical Society Twinkl	I am beginning to use key words to describe different places and environments. I am beginning to use a map to find seaside locations. I am beginning to use key words to describe seaside locations. I am beginning to observe aerial photographs of seaside locations. I am beginning to locate seaside resorts in the four countries of the UK. I am beginning to understand what seaside holidays and resorts were like in the past and the present. I am beginning to describe a seaside town in the UK. I am beginning to describe places and routes on a map. I am beginning to use a map to identify the main British islands. I am beginning to understand the location of hot and cold islands in the world. I am beginning to use a map to follow the route around a seaside resort. Year 2 I can use key words to describe different places and environments. I can use a map to find seaside locations. I can use key words to describe seaside locations. I can use key words to describe seaside locations. I can observe aerial photographs of seaside locations. I can locate seaside resorts in the four countries of the UK. I can describe a seaside town in the UK. I can describe a seaside town in the UK. I can describe places and routes on a map. I can use a map to identify the main British islands. I can understand the location of hot and cold islands in the world. I can use a map to follow the route around a seaside resort.	l am beginning to use simple compass directions and locational and directional language. I am beginning to use aerial photographs to recognise landmarks and basic human and physical features. I am beginning to devise a simple map and use and construct basic symbols in a key. I am beginning to use simple fieldwork and observational skills to study the geography of their school and its grounds. I can create a plan of my classroom. Year 2 I can use simple compass directions and locational and directional language. I can use aerial photographs to recognise landmarks and basic human and physical features. I can devise a simple map and use and construct basic symbols in a key. I can use simple fieldwork and observational skills to study the geography of their school and its grounds. I can create a map of the school using symbols and a map key.	I am beginning to name and locate the world's seven continents and five oceans. I am beginning to name and locate key features in the USA including states, lakes, rivers, mountains, deserts, and settlements. I am beginning to understand the diversity of physical landscapes in the USA including lakes, rivers, mountains, deserts etc. I am beginning to use an atlas to be able to locate key features on a map of the USA. I am beginning to describe and understand the location and formation of key physical features of the landscape in the USA including the Grand Canyon. I am beginning to understand the impact of the environment on humans, particularly drought and floods. I am beginning to understand the wide variety of agricultural products from the USA. I am beginning to understand how New York City as a settlement developed over time. Year 2 I can name and locate the world's seven continents and five oceans. I can name and locate key features in the USA including states, lakes, rivers, mountains, deserts, and settlements. I can understand the diversity of physical landscapes in the USA including lakes, rivers, mountains, deserts etc. I can use an atlas to be able to locate key features on a map of the USA. I can describe and understand the location and formation of key physical features of the landscape in the USA including the Grand Canyon. I can understand the impact of the environment on humans, particularly drought and floods. I can understand the wide variety of agricultural products from the USA. I can understand the wide variety of agricultural products from the USA. I can understand the wide variety of agricultural products from the USA. I can understand the wide variety of agricultural products from the USA. I can understand the wide variety of agricultural products from the USA. I can understand the wide variety of agricultural products from the USA.	l am beginning to use simple compass directions and locational and directional language. I am beginning to use aerial photographs to recognise landmarks and basic human and physical features. I am beginning to devise a simple map and use and construct basic symbols in a key. I am beginning to use simple fieldwork and observational skills to study the geography of their school and its grounds. I can create a plan of my classroom. Year 2 I can use simple compass directions and locational and directional language. I can use aerial photographs to recognise landmarks and basic human and physical features. I can devise a simple map and use and construct basic symbols in a key. I can use simple fieldwork and observational skills to study the geography of their school and its grounds. I can create a map of the school using symbols and a map key.	I am beginning to name and locate the world's seven continents and five oceans. I am beginning to use maps and atlases to locate the continent South America and the country Brazil. I am beginning to compare the climate of Brazil with that of the UK. I am beginning to locate the major cities and environmental regions of Brazil. I am beginning to explore key physical and human characteristics of the city Rio de Janeiro. I am beginning to locate the Amazon rainforest using maps. I am beginning to use maps to locate cities, beaches, mountains and the Amazon rainforest in Brazil. Year 2 I can name and locate the world's seven continents and five oceans. I can use maps and atlases to locate the continent South America and the country Brazil. I can compare the climate of Brazil with that of the UK. I can locate the major cities and environmental regions of Brazil. I can explore key physical and human characteristics of the city Rio de Janeiro. I can locate the Amazon rainforest using maps. I can use maps to locate cities, beaches, mountains and the Amazon rainforest in Brazil.	I am beginning to understand what the weather is like in our country. I am beginning to understand the different seasons in a year. I am beginning to use key words to describe the weather. I am beginning to understand the dangers of weather. I am beginning to understand what hot and cold countries are like. I am beginning to use map skills to locate hot and cold places. Year 2 I can understand what the weather is like in our country. I can understand the different seasons in a year. I can use key words to describe the weather. I can understand the dangers of weather. I can understand what hot and cold countries are like. I can use map skills to locate hot and cold places.
