

COVID-19 CATCH UP FUNDING**ST NEOT SCHOOL****CATCH UP FUNDING ALLOCATION £7680**

Children across the country have experienced unprecedented disruption to their education as a result of COVID-19. Those from the most vulnerable and disadvantaged backgrounds will be among those hardest hit. The aggregate impact of lost time in education will be substantial, and the scale of our response must match the scale of the challenge. St Neot School will use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with DfE guidance.

The school must account for how this funding has been used and governors will scrutinise both plans for spending and its impact.
