

Hi Dee,

Just been doing a bit of thinking while sat at home with poorly Erin and just thought I would send you all a message I think you deserve! Sometimes I think we can take things for granted, especially our children's education. At St Neot Primary, we have incredibly talented and dedicated teaching staff who are never complacent, nor do they settle for the bare minimum. The fundraising is going so well thanks to the introduction of the new PTA and the atmosphere at all the events this year has been so positive and fun. Having area sports and sports day in the same week has wiped my children out, but despite this, they all still put every ounce of effort into representing their school which they are so proud of. Therefore, I'd just like to say a huge THANK YOU to everyone who has encouraged my children be the best they can be!

Kind regards,

Kerrie
