NOROVIRUS ADVICE FROM PUBLIC HEALTH ENGLAND

- Stay away from work or childcare setting until they have been free of symptoms for at least 48 hours and avoid contact with others where possible.
- Keep hydrated by drinking fluids as tolerated
- If symptoms persist (more than 48 hours), phone the GP or the NHS non-emergency number 111 for advice
- Wash hands thoroughly with soap and water regularly but particularly after toilet visits and before eating and handling food. Alcohol hand gel is not effective against norovirus
- Do not attend other childcare settings or visit hospitals or residential care homes as there is a real risk of introducing the infection to the establishment
- Do not handle or prepare food for other people until symptom free for at least 48 hours.
